ADMINISTRATION
AND
FACULTY

PRINCIPAL'S MESSAGE

To the members of the Class of 1960:

You will be receiving your diploma from New London High School soon and you will be closing a phase of your life, which will be an important factor in your future. The need for as much education as possible is so great today though, that you should not be contented to coast along on your high school education alone, but instead you should use your high school education as a stepping stone to more and more education.

Your own success and that of others will depend on how well you, as an individual, accept your share of the responsibilities you will encounter. It is my hope that your four years at New London High School have helped to prepare you for this.

The faculty joins me in wishing you success in your endeavors in the future.

Sincerely yours,

Robert J. Livingston
Principal

SUPERINTENDENT'S MESSAGE

To the members of the Class of 1960:

As you look ahead, don't sell yourselves short. By building on your abilities and training you can achieve success and happiness.

I am sure that when the Alumni roll of New London High School is called, the Class of 1960 will not be found wanting.

Sincerely yours,

Gordon B. Flint

As president of the class of 1960, I would like to express, on behalf of my classmates and myself, our appreciation for the devotion which our teachers have shown us through the last four years. They have taught us not only facts related directly to our courses, but also to cope with everyday problems in an adult way.

Although there have been times when we did not think so, these last four years have been very happy ones. We will always cherish the friendships we have made and the good times we have had. Besides increasing our knowledge, we have also participated in many extra-curricular activities to round out our education.

With a new life unfolding before us, whether it be armed forces, a job, or college, we will always remember N.L.H.S. and the influence it has had on our lives.
